WASHINGTON NEWS.

The Behring Sea Question Being Discussed.

CONSIDERED BY THE CABINET.

If a Conclusion Was Reached It Is Not Made Public, but the Opinion Prevails That the Question Is Still Pending. Other Dispatches from the National Capital.

WASHINGTON, May 27.—The Behring sea question was considered at the cabinet meeting yesterday, but if a conclusion was reached, it was not made public. Secretary Foster declined to say whether or not a conclusion had been reached. He admitted that the matter was almost the sole subject considered at the cabinet meeting. Prior to the meeting of the cabinet the subject was discussed by the president and a number of government officials.

Ex-Minister John W. Foster, acting Secretary of State, Secretary of the Treasury, Secretary of the Interior, Secretary of the Navy, Secretary of the War, Secretary of the Marine Service, who is familiar with Behring sea affairs, having commanded the Rush when she made so many captures two years ago; and Mr. Tingle, supervising special agent of the treasury department, met as if by concert, with the president in his library and discussed for two hours the Behring sea question. The discussion was further continued at the cabinet meeting which lasted two hours and a half.

A cabinet officer informed the representative of the North American Commercial company, which has the contract for killing seals at the seal islands, that the cabinet reached no conclusion in the matter. So far as could be learned no orders were sent to the Rush at San Francisco, to sail to the seal islands, and this would appear to confirm the report that the cabinet reached no decision. The greatest reticence is observed in official circles about the matter.

The idea is advanced that the Canadian government is urging the English government to delay matters in order that Canadian poachers now in the Behring sea, of which there are nearly sixty, can have time to catch seals as they proceed from the north to the seal islands. This is the time that they emigrate in great numbers.

Secretary Foster will not go to New York to-morrow, being detained here by matters concerning the Behring sea question, which strengthens the conclusion that the matter is still pending.

Good Work of the Supreme Court.

WASHINGTON, May 27.—The United States supreme court, during the term just ended, beat the previous highest record of cases over disposed of at one term of the court; settling 617 cases against 470, heretofore the greatest number passed upon at a single term. A number of important cases are set for argument before a full bench immediately after the court reassembles in October. Among them are the schooner Sayward Behring sea case, the counselman case, involving the right of the interstate commerce commission to compel witnesses to testify; the Baltimore and Ohio theatrical rate controversy, and the test suit about the validity of the McKinley tariff and customs administration acts.

High Tribute to the Dead Judge.

WASHINGTON, May 27.—Maj. Gen. Schofield has communicated to the army the orders of the secretary of war announcing the death of Hon. Alphonso Taft. The order pays a high tribute to the deceased ex-cabinet officer and directs that as a mark of respect to his memory, the war department be draped in mourning for thirty days. On Thursday next, the day of the funeral, seventeen guns will be fired at intervals of half an hour at each military post.

Death of Rear Admiral Carter.

WASHINGTON, May 27.—Rear Admiral Carter, retired, died at his home in this city yesterday. Admiral Carter was placed on the retired list in August, 1881, and promoted to his present rank by an act of congress in May, 1882. Admiral Carter was born in Tennessee and served as a brigadier general in the army during the war, being detailed to this duty from the navy. He served forty-one years in the navy, and was retired on account of age.

Cleveland's Picture in the White House.

WASHINGTON, May 27.—A life-size oil painting of ex-President Cleveland, by E. Johnson, a New York artist, was hung up in the vestibule of the executive mansion yesterday. The picture is considered a fair likeness. It attracted considerable attention of visitors. After hanging in its present position for several months it will be placed among the portraits of former presidents in the private part of the White House.

To Attend Congressman Houk's Funeral.

WASHINGTON, May 27.—The following members of the house of representatives have been appointed a committee to attend the funeral of the late Representative Leonidas C. Houk, of the Second district of Tennessee: Taylor, Enloe and McMillin, of Tennessee; Crisp, of Georgia; Wilson, of Kentucky, and Dazell, of Pennsylvania.

Calf With Six Well-Developed Legs.

EATON, O., May 27.—Jerome Wooley, of Lewisburg, this county, is the owner of a calf with six legs, born a few days ago. The two extra legs are located on top of the shoulder, and drop down on either side, resembling the others in every respect except the hoofs are not split. It is said to be very active and healthy.

Guilty of Wife Murder.

NEW YORK, May 27.—Henry Donnelly was yesterday found guilty of murder in the second degree in the court of sessions for the killing of his wife, Bridget, last December.

CALL CALLED.

He is Elected United States Senator From the State of Florida.

TALLAHASSEE, Fla., May 27.—Yesterday morning's session of the legislature was a rather dull one in the house. Only a few of the anti-Callites were in the house when the session was called to order. Everything moved along quietly until the hour arrived for convening the senate. No quorum was present. The following named senators failing to answer the roll-call: Baya, Borden, Bristol, Brett, Drake, Farmer, Hammond, Hardee, Johnson, King, Kirk, McKinnis, Myers, Rogers, Smith, of the Thirty-first district, Wall and Wilkinson. They had been seen leaving the city just before the hour for meeting. Inquiry at livery stables where they had secured teams developed that they had boasted that they were leaving the city in order to break a quorum in the senate, and thereby defeat the election of Wilkinson Call in joint session for United States senator.

The president of the senate at once issued orders to the sergeant-at-arms to organize a posse immediately and institute a thorough search for the fleeing senators and when found to arrest them and bring them forthwith to the senate chamber. "Do this," he said, "in a quiet way, if they offer no resistance, but if needs be, should you be forcibly resisted, use force to accomplish this, precisely the same as would any other authorized officer of the law."

At noon the senators appeared in the hall of representatives and President Brown called the joint session to order. The anti-Call men in the house refused to answer to their names at the roll-call, but fifty-four members duly elected to the legislature responded. The vote was then taken and Call had 51 votes. President Brown declared him elected to the United States senate.

Asking for His Own Property.

CRAWFORDSVILLE, Ind., May 27.—Basil Tracy, of Waynetown, is 88 years old and all alone in the world, but his wealth, consisting of nearly 2,000 acres of the best Montgomery county land, prevented him being friendless. His grand-daughter, Mrs. Lizzie Mills, made a home for him with her. While there he was induced to transfer his entire property to herself and husband, taking for it notes with a mortgage. Later the notes and mortgage disappeared, and Mr. and Mrs. Mills were in possession of the entire property unincumbered. Yesterday the other relatives of Basil Tracy appeared in court and asked that a guardian be appointed, and that the property be transferred back and put in his charge.

Removing Dead Bodies.

INDIANAPOLIS, May 27.—The remains of B. F. Burnside, a brother of Gen. A. E. Burnside, and two sons, will be brought from Vincennes and buried in Crown Hill cemetery to-day beside those of Mrs. B. F. Burnside, whose death occurred March 24, 1891. Mr. Burnside, who was a well-known contractor, died in this city Nov. 23, 1877. He was one of the builders of the Cairo and Vincennes railroad, and was at one time its superintendent. Previous to that time his brother, Gen. Burnside, had constructed the Martinsville road. Four daughters and a son survive Mr. and Mrs. B. F. Burnside. Miss Kate Burnside, of this city, has been given the power of attorney to settle the estate of some \$15,000.

Corbett-Jackson Decision Confirmed.

SAN FRANCISCO, May 27.—The directors of the California Athletic club held a meeting last night at which the award in the Corbett-Jackson contest was again under consideration. The directors refused to amend the resolution which was adopted after the fight and by which the men were each given \$2,500. The directors also offered to put up a purse for another fight between Corbett and Jackson. Jackson was willing to fight again and offered to cancel his arrangement for a match with Goldard in Australia, if necessary. Corbett refused the offer and said he did not want to fight again under the auspices of the California Athletic club.

Withdrawing from the Organization.

PITTSBURGH, May 27.—Twenty-one delegates from the Pittsburgh district of the United Mine Workers of America met here yesterday and decided to withdraw from the National organization. The convention represented about 1,200 miners, there being about 10,000 in the district. Temporary officers were elected. Another convention was called to be held two weeks hence. The cause for the withdrawal lies in the stand taken by the National officers in refusing to precipitate a general eight-hour battle May 1 last.

Miners Troubles Settled.

CLINTON, Ind., May 27.—On the first day of May all the miners of this place were ordered by the Federation to quit the mines pending the readjustment of wages and the settlement of the eight-hour question. Yesterday the differences were amicably settled by the same schedule of prices, seventy cents per ton, being accepted without any provision as to hours. Work will be resumed at once.

Trouble Feared from Strikers.

CRAWFORDSVILLE, Ind., May 27.—Judge Snyder has granted an injunction restraining the Midland strikers at Ladoga and Waveland from interfering with the property. The sheriff and Manager Crawford will serve a notice upon the strikers. Trouble is expected. The strikers swear they won't release the cars and engines unless paid for their honest labor.

Niles Kidnaping Case Dismissed.

SPRINGFIELD, O., May 27.—The celebrated Niles kidnaping case came to an end by Squire Stout dismissing Dr. Niles and the Outlets of St. Paris for kidnaping the children. They appeared in court, but no one was present to prosecute them. Mrs. Niles still has the children, and is making a living by teaching music and French.

THIRD PARTY MEN.

They Capture the Ohio Farmers' Union.

THE MEETING AT COLUMBUS.

A Platform Will Be Adopted and a Ticket Placed in the Field at a Convention to Be Held Later—Other Work Laid Out for the Gathering.

COLUMBUS, O., May 27.—Present indications are that the third party men have captured the convention of the Ohio Farmers' union which meets here to-day. President Likins, of the state Alliance (open), President Ellis, of the state Grange, and other prominent leaders are strongly in favor of an independent move. While the nominations for state offices may not be made at this meeting, it is altogether probable that a convention will be arranged for that purpose, and that third party tickets in the counties and senatorial districts will be endorsed.

The farmers' union is a fairly representative organization, and is composed of delegates from the open and secret Alliance, the Grange, the Patrons of Husbandry, the Mutual Benefit association, and all other farmer's societies having state or county organization. The present meeting is the outgrowth of a state convention last fall, at which time it was decided to hold another session before the fall election.

The third party movement will meet with some opposition, but conversation with delegates develops a strong sentiment in its favor, and does not leave much room to doubt that it will carry.

A prominent member of the open Alliance, who is here as a delegate to the Union, says that the platform to be adopted here will not be an endorsement of that adopted at the recent Cincinnati convention. It will be more nearly an endorsement of the state Alliance platform adopted at Galion. He gives the substance of the platform which he has drawn up and expects to have adopted.

It demands unlimited quantity of silver; loans of unlimited amounts to farmers at 2 per cent. interest and secured by mortgages on land; abolishing the National banking system; government control of railroads and telegraphs; further reduction of fees and salaries of county officials; prohibiting alien ownership of land; equal taxation on all private property; election of president, vice president and United States senator by direct vote of the people; reduction of railroad passenger fares to two cents a mile; the forfeiture of all unearned land grants; a graded income tax for corporations and individuals; a measure to prevent speculation in farm products; the passage of a law nullifying the effect of the original package decision. It is understood that the platform will contain no radical reference to the tariff question.

INCREASE OF IMMIGRATION.

The Reports for April Show That It Is Far Up in the Thousands.

WASHINGTON, May 27.—The immigration statistics for April show that during one month there arrived in the United States from Russia and Poland 7,501 immigrants, an increase over the year of 1890 of 3,291. And the movement is gaining, not losing, for in the four months which ended with April the arrivals of such refugees numbered some 9,000 over the previous similar period. Their poverty and degradation and pitiable condition may well move the stoutest heart. The immigration figures have, however, some hopeful spots in them. They show that during the same period, while there was an increase of over 3,000 in the Italians who were not an acceptable class, there was an increase of 9,000 in the sturdy Germans and of 2,000 in the Scandinavians, who are self-sustaining and always welcome workers.

Fell From a Window.

CINCINNATI, May 27.—Reman Schott, aged 75, living with his son, Joseph Schott, 17 Brown street, was picked up dead in the rear of the house yesterday morning. The old gentleman lived with his son and occupied a room in the rear of the house. It is supposed that he arose early, went to the window, which was open, and fell to the ground, a distance of seventeen feet and died instantly. The deceased was the father of ex-Sheriff Schott. He says his father was troubled with heart disease, and that in his opinion he was taken with a fainting spell and in attempting to call for help lost his balance and fell.

Sequel to a Divorce Suit.

CLEVELAND, May 27.—The sequel to the famous Cowles divorce case, made public here yesterday, created a genuine sensation. The divorce of Mrs. Cowles was granted only Saturday morning, and that Eugene H. Cowles should the same night marry Claire Beatrice Luenschliss, in New York, is regarded as remarkable, and causes general comment. Miss Luenschliss is the woman with whom Cowles has long been infatuated, and is said to be very beautiful.

Probably a Poul Crime.

LOUISVILLE, May 27.—The remains of William Hunt and Long Rice were found on a railroad trestle near Louisville Monday, and it was supposed that they were killed by an accident, but upon investigation they were found to have been murdered. They had several fights Saturday night, and two men who were with them—Dan, Dean and Dave Wellman—have been arrested for the murder.

Bids for a Memorial Hall.

IRONTON, O., May 27.—The trustees of Memorial hall held a special meeting last night to open the bids for the building. The only bid accepted was for the excavation, by Thomas Mulligan. He intends to commence work at once. All other bids are reserved until the next meeting.

STILL AT SEA.

No News from the Charleston—Insurgents May Surrender the Itata.

WASHINGTON, May 27.—The fact that no word has been lately received at the navy department from the Charleston is taken as an indication that she has gone on down the Peruvian coast toward Callao. Respecting the reiterated statements coming from Paris to the effect that the insurgents have arranged to surrender the Itata to the United States naval authorities when she reaches Chili, the officials of the naval department stand mute. It may be stated, however, that there have been no negotiations between this government and the Chilean insurgents upon the subject.

Inasmuch as the insurgents have not been recognized by the government of the United States as belligerents they have absolutely no status that would admit of negotiating with them by the United States government. Still it is plainly evident that some kind of understanding has been or is expected to be reached which will result in the easy transfer of the Itata to either Admiral McCann or Admiral Brown, should she reach Chili. This, of course, would not take the shape of a formal agreement, but the intimation may already have been conveyed to our naval officers at Iquique by the insurgents that such a course will be pursued, and doubtless this has formed the basis of the many cablegrams that have passed between Washington and Iquique during the last two weeks.

ELEVATED RAILROAD ACCIDENT.

A Motor Jumps the Track to the Street Below.

NEW YORK, May 27.—At 8:45 o'clock last night an accident occurred on the Ninth Avenue Elevated railroad at the big curve on One Hundred and Tenth street and Ninth avenue, which was significant, chiefly from the view of what might have been and what has been predicted will occur at this dangerous and lofty curve sooner or later.

At this point last night the motor, drawing a well filled train, broke down, and before its speed could be checked several ties were torn up and fell to the street below, flying pieces striking and slightly injuring two young men named Albert Patterson and Andrew White.

Great excitement prevailed among the numerous passengers on board the train, but fortunately the cars kept the track and a terrible catastrophe was averted.

Confessed to Robbery.

DES MOINES, Iowa, May 27.—The American Express robbery at Carroll Saturday night has taken a sensational turn. Clerk Matthews, who was found tied and gagged, has confessed to complicity in the crime. He says the robbery was planned by himself, Craig, Niswonger and Anson Scharnweber, two young men of Carroll. He went with Superintendent Carner, of Omaha, to an old vacant house west of town, and hauled out from concealment \$3,400, which lacked only \$6.89 of the amount stolen. Niswonger and Scharnweber were immediately placed under arrest and will be examined. They deny any knowledge of the crime.

Boys Explore a Sewer.

CANTON, O., May 27.—Three boys named Kappa, Fox and Kirschner, aged about 12 years, dropped into a sewer man-hole on Newton street, having a lighted lantern to aid them in exploring. Before proceeding far the lantern went out, leaving the boys in darkness. They lost their way and groped for hours along the sewer, coming finally to an open man-hole at Feather street at the other end of the city, a mile and a half distant, and were rescued. Notwithstanding their awful experience the boys were not much the worse off, but they will hardly start to explore sewers again.

Colorado Mining Accident.

LEADVILLE, Col., May 27.—Sunday morning an accident occurred in the Ivanhoe tunnel by which two men were killed and several injured. The men killed were Morris Donovan and Adolph Hanffman. The men were working at a drill in the tunnel. Donovan was drilling for a shot and had nearly completed his work when the drill struck an old charge which had failed to explode. There was a terrific explosion and Donovan and Hanffman were blown to fragments and the flying debris seriously injured several of the other men standing near.

Requisition Refused.

INDIANAPOLIS, May 27.—Laura Bonhomie, of Owensboro, Ky., recently ran away from home and married a Mr. Jones, of Rockport. The father of the girl says that she represented herself in this state to be of marriageable age, whereas she is but 16 years of age, and he wants her returned to Kentucky to be tried for perjury. The governor of Kentucky issued a requisition for her, but governor Hovey yesterday refused to honor it, and Mrs. Jones will remain in Indiana and not be surrendered to to gratify the malice of her father.

Dangers of an Old Well.

CENTRALIA, Wash., May 27.—While grading a street yesterday a laborer uncovered an old well to ascertain its depth. He was overcome with foul air and fell into the well. Three other laborers who went to his assistance were also precipitated into the well in the same manner. After the air became pure the men were brought to the surface. Only one, named Ford, could be resuscitated. The names of the dead are Burns, Perry and Dobson.

Latest from Hawaii.

SAN FRANCISCO, May 27.—The steamship Zealandia arrived here yesterday from Honolulu and reports that Queen Liliuokalani had been received enthusiastically everywhere by her subjects during her tour of the islands. The appointment of Walter Mill, an ex-journalist, as postmaster general of Hawaii, is said to be contemplated.

The head-liner of the Courier-Journal should post up a little on Kentucky geography. Maysville is not on the Big Sandy river.

You Kentucky Republicans who are always prating about Tate, look at that Republican Treasurer of Philadelphia, who lately got away with about \$400,000 of the city's cash. It appears that all the rascals are not in the Democratic party.

The Indianapolis Sentinel explains that "Andrew Carnegie is the leading member of the H. C. Frick Company, which controls seven-tenths of the Pennsylvania coke region, and is now conducting its business under the protection of the State militia and the Pinkertons. Mr. Carnegie is a leading advocate of protection to American industry."

The appointment division of the Pension Office was created especially to give the Commissioner's son a nice, easy position. He was not very long in "catching on," and then it was not a great while before he was detected in selling the appointments, not to the highest bidder at public auction, but selling them all the same, and pocketing the "boodle." The sooner President Harrison gets rid of the Rums the better it will be for his administration.

SECTION 201. No corporation shall issue stock or bonds except for an equivalent in money paid or labor done, or property actually received and applied to the purposes for which such corporation was created, and neither labor nor property shall be received in payment of stock or bonds at a greater value than the market price at the time said labor was done or property delivered, and all fictitious increase of stock or indebtedness shall be void.

This clause in the new Constitution will put an end to a system of swindling successfully worked for years by corporations.

No more "watering" of stock if the new Constitution is adopted. No more getting in on the "ground floor."

The Philadelphia Enquirer, a Republican paper, openly charges that the gang of Republican "boodlers" in charge of the offices of that city are trying to induce the Pennsylvania Legislature to defeat ballot reform. "They fear," the Enquirer says, "that an honest bill may end in their own downfall. They talk glibly of so many thousands of Republican votes lost by the Australian system." If it is true that the Republicans cannot win honestly, the Enquirer maintains that it is time to call a halt. Pass the bill. Let us have a pure ballot in every State and every section of every State, no matter what party it benefits.

The Democrat who was placed in the office of Superintendent of Schools in Christian County last August has unearthed a fine condition of affairs. He has brought to light the fact that some of the school trustees of the county have been defrauding the State for years by "stuffing" the census reports as to the number of pupils. The more pupils reported in a district the more money that district gets from the State. "In many of the colored districts," says the Hopkinsville Kentuckian, "the lists have been stuffed and increased to abnormal proportions. In a few white districts the same thing has been done. This has been done in several ways. Liners have been put in two districts. Voters have been kept on after becoming of age. Children have been listed by different parties and under different names." It is estimated that about 1,000 names have been put on the census list fraudulently for several years. The guilty parties will be ferreted out and punished. Warrants of arrest have already been ordered for several of them. They have had a bad set of Republicans in office down in Christian, as two or three others have been detected in fraud.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

RAILROADS AND COMMERCE.

The New Constitution's Provisions On These Subjects—Read and Consider.

RAILROADS AND COMMERCE.

Section 217. A commission is hereby established to be known as the Kentucky Railroad Commission, which shall be composed of three Commissioners, appointed by the Governor, by and with the advice and consent of the Senate, one from each Superior Court district as now established. The Commissioners first appointed shall continue in office for the term of two, four and six years, respectively, from the first day of June, eighteen hundred and ninety-two; the term of each to be designated by the Governor; but their successors shall be appointed for terms of six years. In case of vacancy, the appointment shall be made only for the unexpired term. No person in the employ, nor in any wise pecuniarily interested as a common carrier, or in a railroad corporation, or in railroad business, shall hold such office. The powers and duties of the Railroad Commissioners shall be to regulate by law; and until otherwise provided by law, the Commission so created shall have the same power and jurisdiction, perform the same duties, be subject to the same regulations, and receive the same compensation, as now conferred, prescribed and allowed by law to the existing Railroad Commissioners. The General Assembly may, for cause, address any of said Commissioners out of office, by similar proceedings as in the case of Judges of the Court of Appeals; and the General Assembly shall pass laws to prevent the nonfeasance and misfeasance in office of said Commissioners, and to impose proper penalties therefor.

Section 218. No corporation engaged in the business of a common carrier shall, directly or indirectly, own, manage, operate or engage in any other business than that of a common carrier, or hold, own, lease or acquire, directly or indirectly, mines, factories, timber or lands, except such as shall be necessary to carry on its business; and the General Assembly shall enact laws to give effect to the provisions of this section.

Section 219. No railroad corporation organized under the laws of any other State, or of the United States, and doing business, or professing to do business, in this State, shall be entitled to exercise the right of eminent domain, or have power to acquire the right of way, or real estate for depot or other uses, until it shall have become a body corporate pursuant to and in accordance with the laws of this State.

Section 220. The rolling stock and other movable property belonging to any railroad corporation or company in this State shall be considered personal property, and shall be liable to execution and sale in the same manner as the personal property of individuals. The earnings of any railroad company or corporation, and choses in action and money and personal property of all kinds belonging to it, in the hands, or under the control of any officer, agent or employee of such corporation, or company, shall be subject to process of attachment and garnishment to the same extent, and in the same manner, as like property of individuals when in the hands or under the control of other persons. Any such earnings, choses in action, money or other personal property may be subjected to the payment of any judgment against such corporation or company by action in equity, in the same manner and to the same extent as such property of individuals in the hands of third persons.

Section 221. All railroad, transfer, belt line and railway bridge companies organized under the laws of Kentucky, or operating, maintaining or controlling any railroad, transfer, belt line or bridge, or doing a railway business in this State, shall receive, transfer, deliver and switch empty or loaded cars, and shall move, transport, receipt, load or unload, all the freight in car loads or less quantities, coming to or coming from any railroad, transfer, belt line or bridge, or siding thereon, with equal promptness and dispatch, and without any discrimination as to charges, preference, drawback or rebate in favor of any person, corporation, consignor or consignee, in any matter as to payment, transportation, handling or delivery; and shall so receive, deliver, transfer and transport all freight as above set forth, from and to any point where there is a physical connection between the tracks of said companies. But this shall not be construed as requiring any such common carrier to allow the use of its tracks by the trains of another engaged in like business.

Section 222. No railroads, transfer, belt line or railway bridge company shall make any exclusive or preferential contract or arrangement with any individual, association or corporation, for the receipt, transfer, delivery, transportation, handling, care or custody of any freight, or for the conduct of any business as a common carrier.

Section 223. All railroad, transfer, belt line or railway bridge companies shall receive, load, unload, haul, deliver and handle freight of the same class for all persons, associations or corporations from and to the same point and upon the same conditions, in the same manner and for the same charges, and for the same method of payment.

Section 224. The provisions of Sections two hundred and twenty-one, two hundred and twenty-two and two hundred and twenty-three shall apply to all railroads, transfer or belt lines or bridges now built, or hereafter to be built, and to all corporations now existing or hereafter organized.

Section 225. All railroad, transfer, belt line and railway bridge companies shall allow the tracks of each other to unite, intersect and cross at any point where such union, intersection and crossing is reasonable or feasible.

Section 226. Any person, association, or corporation wilfully or knowingly violating any of the provisions of Sections two hundred and twenty-one, two hundred and twenty-two, two hundred and twenty-three, two hundred and twenty-four or two hundred and twenty-five shall, upon conviction by a court of competent jurisdiction, for the first offense be fined two thousand dollars; for the second offense, five thousand dollars; and for the third offense, shall thereupon ipso facto forfeit its franchises, privileges or charter rights, and if such delinquent be a foreign corporation, shall ipso facto forfeit its right to do business in this State; and the Attorney General of the Commonwealth shall, forthwith, upon notice of the violation of said provisions, institute proceedings to enforce the provisions of the aforesaid sections.

Section 227. It shall be unlawful for any person or corporation, owning or operating a railroad in this State, or any common carrier, to charge or receive any greater compensation in the aggregate for the transportation of passengers, or of property of like kind, under substantially similar circumstances and conditions, for a shorter than for a longer distance over the same line, in the same direction, the shorter being included within the longer distance; but this shall not be construed as authorizing any common carrier, or person or corporation, owning or operating a railroad in this State, to receive as great compensation for a shorter as for a longer distance; provided, that, upon application to the Railroad Commission, such common carrier, or person, or corporation owning or operating a railroad in this State, may in special cases, after investigation by the Commission, be authorized to charge less for

longer than for shorter distances for the transportation of passengers, or property; and the Commission may, from time to time, prescribe the extent to which such common carrier, or person or corporation owning and operating a railroad in this State may be relieved from the operations of this section.

Obituary.

Died, at his late residence near Murphysville, Ky., Wednesday morning, May 6, 1891, John Stevenson, in the 78th year of his age.

Mr. Stevenson was born at the old family mansion, in Mason county, November 9, 1813, and spent the whole of his life upon the parental farm.

He was married to Anella Hill December 5, 1848, and to them were born seven children, six of whom are living with the mother, survive him.

Mr. Stevenson's parents were Presbyterians of the old type and he was, from childhood, carefully trained in the doctrines of God's word, as summarized in the catechisms and confession of that church. July 7, 1850, he, with his wife, became a communicant in the Presbyterian Church of Murphysville, and August 12, 1872, he was elected and ordained a ruling elder in that congregation.

The character he developed and the life that he lived were in accord with the training of his early years. Courage, humility, kindness, sternness, laboriousness, generosity and frugality all so blended and blended in his daily life as that it is difficult to say which was the most prominent.

In the family in the church, in the community where he spent the whole of his life, he was faithful to every trust, loving to every object of affection, devoted to every duty, a plain, majestic, godly man.

BABY IS SICK—The woeful expression of a Des Moines teamster's countenance showed his deep anxiety was not entirely without cause, when he enquired of a druggist of the same city, what was best to give a baby for a cold? It was not necessary for him to say more, his countenance showed that the pet of the family if not the idol of his life, was in distress. "We give our baby Chamberlain's Cough Remedy," was the druggist's answer. "I don't like to give the baby such strong medicine," said the teamster. "You know John Oleson, of the Waters-Talbot Printing Co., don't you?" inquired the druggist. "His baby, when eighteen months old, got hold of a bottle of Chamberlain's Cough Remedy and drank the whole of it. Of course it made the baby vomit very freely, but did not injure it in the least, and what is more, it cured the baby's cold. The teamster readily knew the value of the Remedy, having used it himself, and was now satisfied that there was no danger in giving it even to a baby. For sale by Power & Reynolds.

Every tax-paying man or woman in all this land pays an indirect tribute to the rum traffic.

All the poor houses, houses of correction, reformatory institutions, etc., are nothing less than huge monuments to the deadly and withering blight of liquor and the traffic thereon.

There is a sure day of reckoning in store for the man who, regardless of the sorrow and misery he heaps on mothers and fathers, persists in making drunkards and imbeciles of their sons.

Week day saloons and base ball are sufficiently demoralizing, but Sunday saloons and Sunday base ball will send more young men to hell than the devil can find accommodations for.

It would come a great deal cheaper, and the Commonwealth would get about as much satisfaction were murderers, either single or in pairs, turned loose at once, without even the formality of a trial.

We have now in mind two cases, the one a devoted father and the other a loving mother, and no better people can be found, who, almost ready for the last journey, are to-day the victims of broken hearts on account of devils, in human shape, having made drunkards of their sons.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became a Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

A BEAUTIFUL lawn or front yard is admired by all. The lawn mower is a fixed fact. Buy a Champion. It has less machinery to get out of order than any other. It is the best cutter made. Frank Owens Hardware Company sells this machine. Their third order made this season for them.

THE venerable Dr. Geo. Savage, of Covington, was robbed of \$60 last week, while coming home from North Carolina, where he had been to visit his son-in-law, N. O. Brooks, who had gone there for his health. The robbery was committed in a Pullman sleeper. It was the Doctor's first experience with thieves.

MARIE McNEIL's cornet solos are an absolute revelation. She is considered by everyone that has heard her the absolute mistress of this instrument. She is certainly the queen of the cornet, and has a most charming stage presence. Her marvelous work on this instrument is greatly appreciated, and her playing would excite the admiration of Levy.—Sporting Journal, Chicago.

THE following Sir Knights, members of Maysville Commandery, left yesterday for Frankfort to attend the annual convocation of the Grand Commandery of the State: Judge Wall, J. L. Browning, Tom Browning, E. A. Robinson, Thomas Keith, Geo. C. Keith, Robert Owens, J. M. Hawley, S. E. Mastin, H. C. Sharp, L. C. Blatterman and John W. Alexander. Sir Knight W. LaRue Thomas, accompanied by his wife, left Monday.

A. H. KNOLL, the celebrated cornet virtuoso, is the equal, if not the superior, of the great Levy. He handles his instrument with grace and perfect ease. He was recalled time and again, and responded to several encores every night. The lover of music should not miss the opportunity to hear this great player. His execution of "A Night in Venice" (one of his own arrangements), and "Annie Laurie," was simply grand. He is as far superior to Liberati as the Arsenal Band is to the coon bands that parade the street occasionally.—Sun Critic, St. Louis.

A SERIOUS accident was narrowly averted on Second street yesterday afternoon. Mrs. J. Paxton Marshall and son and a lady companion were seated in a buggy in front of Thomas & Bro.'s china store, when the horse became frightened and started across the street. An electric car was approaching and was stopped just in time to prevent a collision. In the mean time the boy had attempted to get out, but had fallen with his legs between the spokes of one of the wheels. Mr. John Moran and some other parties were nearby and stopped the horse and extricated the little fellow from his dangerous position.

Closing Exercises at Hayswood.

The closing exercises of the current school year at Hayswood Female Seminary will take place next week and will be as follows: The Baccalaureate sermon to the senior class will be preached Sunday evening by the Principal; the entire day Monday will be devoted to public oral examination of the classes, and at the close of both the morning and afternoon session there will be a competitive calisthenic drill; the reception of the Senior class will be given Monday evening; the closing musicale of the year will be given, by the music class in the chapel of the Seminary Tuesday evening; the annual art reception will be held Wednesday evening in the chapel, where the work of the art class during the year will be displayed; the regular commencement exercises will be held in the First Presbyterian Church on Thursday evening. The public are cordially invited to attend all of these exercises except the Senior reception which is limited to those invited by the senior class.

River News.

Capt. John A. Patterson, a well-known riverman, died last evening at the home of his son-in-law, Alvin Bainum, in Dover.

The Chancellor will pass down this evening and the Congo late to-night. The Bonanza and Stanley will pass up after 12 o'clock.

Captain Andrew Conner died at his home in New Richmond, aged about 80 years. He was a pilot for many years in Maysville trade. The last boat he was on was the City of Portsmouth. When the terrible explosion on the Magnolia occurred he was at the wheel, and was blown one hundred feet in the air and landed on the deck with two of his ribs broken and badly hurt. He was the means of saving several lives and over \$5,000 in money that had been blown out of the office and lodged on the forecastle of the boat.

The Chesapeake and Ohio Railway Company to the Maysville and Big Sandy Railroad Company, lot 35 by 400 feet on south side of the railroad between Bull Creek and Kennedy's Creek; consideration, \$1, &c.

Tobacco Shippers Indignant.

REXLEY, O., May 25.—The tobacco shippers held an indignation meeting here Saturday night. They say they will not ship their tobacco on the White Collar Line if the latter puts the Lee H. Brooks against the M. P. Wells in the Maysville and Augusta trade.

It was stated some days ago that the White Collar Line intended placing the Brooks in opposition to the Wells. The day this is done, we want the City Council to place the W. C. L's wharfage back to the old rate. Let this steamboat corporation know that it doesn't own the Ohio river.

Here and There.

Mrs. Captain Gaines is visiting at Frankfort.

Miss Welch, of Danville, is a guest of Mr. and Mrs. Will Thomas.

Mrs. Robert Ficklin and children have gone to Big Bone Springs to spend the summer.

Miss Emma Lucas returned last evening from Lexington, where she was a pupil at Hamilton College the past session.

DR. JOHN M. FRAZEE is a candidate for re-election to the Legislature from Mason County. Dr. Frazee was one of the best and most popular members of the last House.—Courier-Journal.

THE Chesapeake and Ohio is making extensive preparations for the building, at St. Albans on the Kanawha, of the largest machine shops and round houses in the State. The company has been grading steadily for six months and has the ground in shape for the buildings. The immense yards are underlaid with sewers, forming a complete net work so arranged that the water will be carried off as fast as it falls. The company has advertised for 1,986 cubic yards of masonry and 6,000,000 bricks to be used in the construction of the buildings.

IN the report of John Ryan, Superintendent of the Infirmary, which is in the handwriting of George R. Gill, the following language is used as to Dr. S. M. Cartmell. It is a very worthy tribute to an old, useful and much respected physician and citizen:

"Too much praise cannot be given to Dr. S. M. Cartmell, the physician of this institution. Always on hand when his regular visitations called him, he during the last year has frequently been called on for extra service, at all hours of the night, and between 2 and 3 o'clock of the morning, yet, no matter what the service required, or the condition of the weather, or the time of the call, Dr. Cartmell has always been prompt to obey the summons, thereby not only earning for himself and the county a record for the faithful performance of his duty as a paid official, but also that of an honest, humane and charitable doctor, fully illustrating the character of the old doctors who made the profession and practice of medicine not only reputable but illustrious."

THE UNEMPLOYED MINISTERS.

That Question is the Important One of the Day's Discussion—Report of the Home Mission Board—Sabbath Observance—Other Transactions of the Assembly.

DETROIT, May 27.—After the assembly had been formally opened the first business taken up was the assignment of certain overtures to committees for consideration. The principal overture was one in regard to the Roman Catholic schools among the Indians, and whether the United States government should continue the Indian schools.

The question of unemployed ministers and vacant places being the business of the day, Rev. C. L. Hamilton, of Rochester, took the platform. The discussion drifted into the question of employment of an agent to keep tabs on the ministers of the church who were unemployed and the churches requiring supplies. The point was the fixing of the salary of the agent, and on this Rev. Mr. Hamilton opposed placing it at \$2,500. In this he was supported by Elder Graham, of Nebraska, who thought a good, able young man could be got for the place at about \$1,000 a year.

The salary finally was fixed at \$1,500 and the matter referred.

The report of the home mission board showed \$92,000 debt and recommended the expenditure of \$1,000,000 this coming year.

At the afternoon session Col. Elliott F. Shepard, of New York, Vanderbilt's son-in-law, owner and editor of The Mail and Express, made the report of the committee on Sabbath observance. The committee recommended the closing of the world's fair gates on Sundays and the setting aside of the first week in April, 1892, as a week of prayer for Sunday observance. Adopted.

EXCITED ITALIANS.

An Unusual Event in the Outskirts of Denver, Colorado.

DENVER, May 27.—Yesterday while Willie Crowley, aged 16 years, was driving a cow to his home on the outskirts of the city, near the Platte river, the cow jumped into the garden of an Italian, named Peppino Talagiro. The boy followed the cow in endeavoring to drive her out. Talagiro and another Italian came out of the house and caught the boy and started toward the house, one of the Italians drawing a knife as they went.

Some of the young companions of the boy came to his rescue, when the Italian Talagiro drew a revolver and fired into the crowd, mortally wounding Cooney Glance, aged 20. A crowd of men then started after the Italian with the intention of lynching him, when he ran to the river, jumped in, and started to swim across. When in the middle of the stream he caught onto a snag and held there for fifteen minutes, when suddenly he was seen to throw up his arms, and sinking, was seen no more. There is great excitement among the Italians in that part of the city, but as the place is well policed no trouble is feared.

Attempted to Escape from Prison.

BOSTON, May 27.—It was discovered yesterday that Jesse Pomeroy had drilled and sawed off the lock from the door of his cell in the "Arch," where the worst prisoners are confined, at the state prison. He had sawed his iron bed in two and taken off an iron leg, with which he had pushed back the bolt. The drill and saw were found in his cell, and how he got them is a mystery. At noon one of the convicts was missing from his cell, where a well-made-up dummy was found. It failed to deceive the officer. A search was made for the man, who was found stowed away in one of the lofts and proved to be Daniel Mullin, who is serving five years for robbery. Pomeroy and Mullin were at once placed in solitary confinement.

A Cruel Crime.

PEORIA, Ill., May 27.—Yesterday morning Anna Gerber, a school teacher of Hilton, going to her school, was met in a lonely wood by George Ditch, of this city, who dragged her into the wood. The girl offered to give him her watch and money if he would allow her to go, and he promised to do so, but he intercepted her again. In the struggle which followed her clothes were torn off and she was terribly beaten. Ditch was frightened away. The girl dragged herself to the nearest house. Armed men are searching the woods for Ditch, and if caught he will be lynched.

Sensation in Colored Circles.

NICHOLASVILLE, Ky., May 27.—A sensation of a very ugly nature is about to be brought to light here in colored circles. Rev. Johnson, pastor of the Methodist church, had two children die Saturday very suddenly, and the doctors have pronounced it strychnine poisoning. The family have accused a neighbor of doing the dastardly deed. Johnson is highly respected by both whites and blacks.

Epidemic of Grip.

BOSTON, May 27.—A Lamatone, N. F., special to The Evening Herald, says the grip is epidemic in that part of Newfoundland. Hundreds of persons are down with the disease and the physicians have their hands full. Many persons have died of the disease at Burin, Placentia and Fortune Bay.

Arrests Follow a Prize Fight.

LYNN, Mass., May 27.—Harry Tracy, who, it is alleged, caused the death of John Burns in a prize fight, was yesterday afternoon arrested, charged with manslaughter. The referee and others who assisted in the prize fight will also be arrested.

A Break for Liberty.

ATLANTA, May 27.—Three convicts, named O'Hare, Harman and Ingram, made a break for liberty at Pratt's mines yesterday evening. The vigilant guards shot and killed O'Hare and Harman, and Ingram made his escape.

TRAIN ROBBERS DEFEATED.

Ineffectual Attempts to Hold Up a Train at Enfield, Maine.

BANGOR, Me., May 27.—A gang of four or five desperadoes attempted to hold up a train at Enfield Monday evening. The train was bound for St. John and when it had passed Enfield station several shots were fired at the engineer. Just as the train was drawing out of Enfield a man was discovered by the fireman crawling over the tender. He shouted to the engineer to stop the train, but the latter paid no attention to his request. Subsequently the bell was rung, and after the ringing was repeated the train was brought to a stop.

Immediately a party of four men began firing on the train. The leader was armed with a shotgun, and the others were armed with revolvers. The belief is that the men wanted to rob the mail car. The engineer, however, started the train and succeeded in getting beyond the reach of the desperadoes' bullets before any body was hurt. The station agent at Enfield fled for his life. He was in the act of hanging out the signal lamp when the gang fired upon him. One of the bullets struck the lantern and shattered it. The affair has caused the greatest excitement in this section. The officers are making every effort to effect their capture.

MINE ACCIDENT.

Three Lives Lost, the Result of Foul Air in a Mine.

BRECKENRIDGE, Col., May 27.—A terrible accident occurred about 9 o'clock yesterday morning at the Little Corporal mine, near this place, by which three men—William Barklie, John Dierks and B. Benson—lost their lives. Their deaths resulted from foul air. It appears that a drift had been driven from the main shaft, and a raise was made from the drift to intersect an old incline above. This incline has been known to have bad air for some time.

It is supposed that when the break was made through that the men were at once overcome with the rush of foul air and killed. Dierks and Elmer Miller were found by Benson in the top of the raise, both insensible, and he carried Miller and returned for Dierks only to pay the forfeit of his own life for his singular bravery. Barklie's body was reached about 2 o'clock. Barklie and Bates have both been recently married. Miller recovered shortly after being taken out.

Prominent Minister Dies.

NEW YORK, May 27.—Dr. Henry J. VanDyke, the prominent Presbyterian divine, died Monday night of agonia pectoris at his home in Brooklyn, aged 66 years. His sermon on "The Character and Influence of Abolitionism," preached just before the breaking out of the war, created a sensation and had a marked influence in strengthening the Union sentiment.

Death of John M. Hale.

ELLSWORTH, Me., May 27.—The Hon. John M. Hale died last night, aged 94 years. He was collector of customs during the administration of the elder Harrison and Tyler, and had held other positions of public trust. For many years he held a large mail route contract.

Venezuela and Reciprocity.

PANAMA, May 27.—The congress of Venezuela met on May 3. In his message the president referred to the negotiations between Venezuela and the United States for a reciprocity treaty, saying that he would make it the subject of a special message later in the session.

Express Office Robbed.

CARROLL, Iowa, May 27.—Two men entered the American express office here Sunday night, bound and gagged an employee named Matthews, robbed the money box of \$3,000, and then escaped.

EXECUTORS' SALE

The undersigned will sell on Friday, June 5, '91, on the premises, one mile south of Minerva, in Mason County, all the real estate of the late James M. Hieatt to the highest eligible bidder. This property consists of one tract of land containing one hundred and thirty-seven acres. The land is well watered and in the highest state of cultivation, three-fourths of it now is in grass. It is noted as first-class tobacco land, and nearly all of it is now in condition to produce as fine and as much tobacco per acre as any land in the county. There are six or eight acres of woodland, the fencing is first-class, being nearly all four wire picket or hedge. The other improvements consist of one two-story frame dwelling, containing three rooms and half below and two rooms and half above and two splendid cellars, summer kitchen, smoke house, hen house, carriage house, ice house, large and commodious stables and two No. 1 frame 40x60 tobacco barns. Fine orchard, good chicken and well, and abundance of good tobacco sticks.

The purchaser will be required to pay five hundred dollars down as an earnest of intention to comply with contract. Terms of sale further than this will be easy and made known on day of sale. Full possession will be given the first day of March, 1892. The purchaser will have privilege of selling this fall. The undersigned will take pleasure in giving any further information, either written or verbal, and are ready at all times to show parties over the premises when called upon. Address all inquiries to Hyar & Weaver, Minerva, Mason County, Ky. Sale at 2 P. M.
